### **FLEET TRAINING**

This letter of understanding replaces Article 29.04(b) of the Collective Agreement so long as this letter of understanding remains in effect.

The purpose of this letter is to enhance the City's ability to train back-up fleet operators and to improve employees' opportunities to obtain training and provide back-up coverage in fleet positions within their Divisions.

The term Fleet refers to vehicles or rolling equipment and these terms may be used interchangeably.

1. Within each Division, the Employer will make a list of fleet operator incumbents and qualified operators (qualified spares) who are employed within each Division. This list will be referred to as the Qualified Spare List.
2. Once completed, the Employer will post the Qualified Spare List on the bulletin board within the Division.
3. Employees are responsible to ensure that the list is accurate with respect to their qualifications. Any errors or omissions must be brought to the supervisor's attention within seven working days of the posting of the list or otherwise reasonably becoming aware of the list (ex. upon return from leave etc...).
4. Employees who transfer to another Division are responsible to ensure that their name is added to the Qualified Spare List in the new Division.
5. Employees who have a claim of competency on any City fleet but who have not been certified according to the City's practices will be added to the qualified spare list only upon receipt of a full safety orientation and a successful evaluation for competency. A claim of competency means: holding the appropriate licence for the equipment and having sufficient previous experience operating the equipment or similar equipment in a work setting such that competency will likely be established.
6. The Employer will provide a list of the number of qualified spare operators needed for each fleet operator position. When the number of qualified spare operators drops below the number required, a training opportunity will be posted.

7. Selection of trainees will be in accordance with Article 15.02 of the collective agreement with 1<sup>st</sup> preference given to applicants within the Division where the training opportunity exists. If there are no qualified applicants within the Division, the employer may then consider qualified applicants within the Department and then City wide.
8. Employees are eligible to apply and be awarded up to two trainee postings at any one time. Once the training period on either of the postings is complete, the employee will once again be eligible to apply on further postings.
9. Employees who receive training will be expected to act as spare operators.
10. The first eight hours of a training opportunity will be a trial period and the trainee may opt out of the training at any time during the first eight hours of training.
11. Training on fleet for incumbents or limited duration employees in positions where operation of the fleet is a necessary part of the job will not be posted; for example, the selection of a less than qualified candidate where no qualified candidate applies for a posting.

### **FLEX TIME CONCEPT**

During the term of the Collective Agreement, to allow for a trial period, the parties agree to the following Letter of Understanding:

- A flex time agreement is an arrangement that allows employees to work additional time to be banked and taken as paid time off at a future, and mutually agreeable, time.
- Flex time agreements may be implemented in a department/division/work group by mutual agreement between the employees and the exempt supervisor. Employee participation in flex time is voluntary.
- Flex time agreements will be recorded in writing, with a copy provided to the Union President, and will be governed by the following principles:

There shall be no additional cost to the employer as a result of a flex time agreement;

Up to a maximum of one (1) additional hour per day may be worked and banked as flex time;

No flex agreement shall permit an employee to bank more than eighteen (18) hours of flex at any one time;

In order to bank flex time, employees must actually work all of the regular hours of work that day;

Additional time worked must be an extension of the regular working hours and may be worked during the usual lunch break, provided a minimum of one (1) half (1/2) hour break is maintained;

When a choice is available about when to work flex time (either immediately before or immediately after the regular hours of work, or during the lunch break), those choices shall be offered to eligible employees in order of seniority;

Rest periods as per Article 13.04 and 13.05 shall be maintained;

Flex time worked and taken off must be entered in to the payroll system;

Flex time banked will be paid out upon termination of employment but will not be paid out under any other circumstances;

Employees who have flex time banked and transfer to a department/division/work group without a flex time agreement shall maintain their flex bank and be permitted to schedule flex time off at a mutually agreeable time;

Each agreement shall contain a cancellation period of thirty (30) days.

**ARTICLE 9.07 - PART-TIME EMPLOYEES**

During the term of this Collective Agreement, to allow for a trial period, the parties agree to apply the following provisions in place of Article 9.07 of the Collective Agreement.

While these provisions are in place, all references elsewhere in the Collective Agreement or other, existing agreements to “irregular part time” will be substituted with “casual” as set out in this agreement.

9.07 Part-time Employees

(a) Definition

- (i) Part-time employees shall be defined as any employee not working a regular forty (40) or thirty-seven and one-half (37½) hour work week, or other full-time schedule as agreed between the Parties, and shall be paid in accordance with the rate applicable in the Schedule under which the employee is working.
- (ii) Part-time positions shall be posted except as amended by Article 15.01.

(b) Regular Part-time Employee

- (i) A regular part-time employee is an employee who the employer expects to schedule for eighteen hours per week or more. Regular part-time employees who are scheduled for less than eighteen (18) hours in a week shall have preference over a casual employee for additional shifts in their classification.
- (ii) Nothing in this section is a guarantee of a minimum amount of hours per week or as a commitment, other than where specified, to give

preference for available shifts to Regular Part-time or Casual Employees.

- (iii) At the time of his or her appointment to a regular part-time position, an employee may choose to receive benefits under the Collective Agreement including vacations, all paid leaves of absence and the benefit plans included in Article 23. Sick leave, vacation leave, weekly indemnity, statutory holidays and paid leaves of absence shall be earned on a prorated basis.

The employee's use of vacation and sick leave is based on the average hours he or she has worked in the previous six (6) months. Employees may also use additional vacation hours from their vacation accruals to top up their daily hours during their vacation period to the full regular daily hours associated with their position.

- (iv) Regular part-time employees who do not choose to receive the benefits identified in part (iii) will receive twelve percent (12%) of gross pay in lieu of those benefits.
- (v) Pension entitlements will be prorated on the basis of hours paid (excluding overtime).

(c) Casual Employees

- (i) Definitions:

Casual employees are part time employees employed in any of the capacities listed below:

- i. Primarily to backfill for regular part-time or regular full-time employees who are absent;
- ii. As a supplementary labour pool for special events or overload work; or
- iii. As students providing instruction or supervision in a recreational activity. The term student applies to secondary school students or full-time students in a post-secondary program at a publicly accredited institution, including while on break periods prior to graduation from the program or in transition from secondary to post-secondary.

- (ii) Casual employees identified in (i) i and (i) ii may work up to two (2) shifts per week that are not considered replacement or overload/special event related in order that a pool of employees may be maintained with the skills necessary to perform the work. Jail Guards working shifts to provide break relief will be considered to be backfilling an employee who is absent.
- (iii) Casual employees shall be entitled to twelve percent (12%) of gross pay in lieu of all benefits including vacations and statutory holidays.
- (iv) Casual employees shall not accrue seniority.
- (v) A casual employee's start date will be used to establish preference for vacation scheduling among other casual employees within the same classification and Division. The start date will also be the governing factor among casual employees in a job posting competition where two (2) or more are relatively equal in qualifications and ability to perform the work. If casual employees share the same start date, they will be ranked next by their employee number in chronological order.
- (vi) On a quarterly basis, the Employer will provide the Union with a list of casual employees including their name, start date and classification.
- (vii) Casual employees who are appointed to regular positions on a full-time, part-time or limited duration basis shall be required to serve a new period of probation under Article 9.06 and their seniority date shall be the date of their appointment to the regular position.

(d) Minimum Shift Length

Employees shall be scheduled for a minimum of four (4) hour shifts except for casual employees who:

- (i) are students reporting for work on a school day, or
- (ii) provide training or instruction in a recreational activity.

WHEREAS the Parties wish to provide a smooth transition to the new language for existing regular part time employees;

THEREFORE the Parties agree as follows:

1. Employees who, at the date of ratification of the 2017 – 2021 Collective Agreement, have regular part time status will grandparented as part time employees under the new provisions, provided that such employees maintain sufficient availability.
2. Grandparented employees who hold two (2) positions at the time of ratification may be subject to a status change should they relinquish one (1) of the positions. Employment status will be commensurate with the status of the position maintained by the employee and be subject to the new Collective Agreement provisions.
3. Grandparented employees who subsequently change positions will be subject to a status change commensurate with the status of any new position they are appointed to.
4. Grandparented employees who are employed in the office casual pool, including at the RCMP, will maintain their status as part time employees, subject to their availability, but will be treated as casual employees for scheduling purposes.
5. LOCALS #399 AND #1048

### SCHEDULE D

Where the Employer feels that there is a bona fide need to add a Classification or Position to Schedule "D" so that normal or regular hours for that Classification/Position may be different than those described in Article 13.01 **or 13.02**, or to adjust the hours of work for a Classification/Position currently listed in Schedule "D", the following procedures shall be followed:

#### New or Vacant Positions

1. Where the Employer intends to alter the regular hours of work for a position which is new or vacant, it will provide the Union with ten (10) days prior notice of the proposed hours of work for the position(s) along with its reasons for such changes. Bona fide reasons shall include the need to significantly improve service, costs or efficiencies. This notice period may be waived by mutual consent. Consent will be granted in emergency situations where a local state of emergency has been declared.
2. The Union will have an opportunity to meet with the Employer to make representations with respect to the alteration in hours of work.
3. The Union will not unreasonably withhold consent to an alteration to the regular hours of work. If the Union does withhold consent, it shall provide its reasons for doing so to the Employer.
4. Where there is no mutual agreement to an alteration to the regular hours of work, the matter shall be referred to an Hours of Work Umpire who shall convene a hearing within fourteen (14) business days of the referral.
5. The Employer may proceed to fill the vacancy and the proposed regular hours of work will be noted on any posting for that vacancy. Should the matter not be resolved before the Employer is ready to appoint a candidate to the position, the candidate may commence work under the proposed regular hours of work.

6. The Hours of Work Umpire will first assist the parties to reach mutual agreement regarding the hours of work for the position(s). Should the Parties fail to reach agreement, the Umpire will evaluate the rationale of both Parties to render his decision. The Umpire's decision will be in writing and will be binding on the Parties but shall not be precedent setting.
7. A decision of an Hours of Work Umpire to reject the proposed amendment to the regular hours of work shall be retroactive such that overtime premiums will be paid to employees who worked the shift during the interim period.

#### Existing Positions with Incumbents

8. Where the Employer intends to alter the regular hours of work for a position with an existing incumbent, it will provide the Union and the affected employee(s) with thirty (30) days prior notice of the proposed hours of work for the position(s) along with its reasons for such changes. Bona fide reasons shall include the need to significantly improve service, costs or efficiencies.
9. The Union will have an opportunity to meet with the Employer to make representations with respect to the alteration in hours of work.
10. Within thirty (30) calendar days of being notified, the Union shall inform the Employer of its decision to agree or not to agree to such changes. When making its decision, the Union will consider the bona fide impact that such change may have on the affected members' personal and family needs. Agreement to such change will not be unreasonably withheld by the Union.
11. Where there is no mutual agreement to an alteration to the regular hours of work, the matter shall be referred to an Hours of Work Umpire who shall convene a hearing within fourteen (14) business days of the referral.
12. The Umpire will first assist the parties to reach mutual agreement regarding the hours of work for the position(s). Should the Parties fail to reach agreement, the Umpire will evaluate the rationale of both Parties to render his decision. The Umpire's decision will be in writing and will be binding on the Parties but shall not be precedent setting.
13. Where there is a dispute between the Parties, the affected employee(s) shall not commence the altered hours of work until the Umpire has rendered his/her decision.
14. Employees who are affected by an hours of work change under this Letter of Understanding shall be offered the amended work shifts on the basis of seniority (high to low) provided they are qualified to perform the work. In the event that the Union agrees with, or an Umpire rules in favour of the proposed changes, and there are insufficient employees who agree to accept the work shifts, the Employer shall assign the work in reverse order of seniority (low to high) to employees who are qualified to perform the work.

Umpires

15. The Umpire shall be selected from the following mutually agreed upon list on a rotational basis. Should an Umpire not be available within the specified timeframe, the next name on the list shall be selected.
- i. Mark Brown
  - ii. James Dorsey
  - iii. John Hall
  - iv. Irene Holden
16. The Parties will share in equal portions the fees and costs of the Umpire.

**SCHEDULED OVERTIME – UTILITY OPERATIONS**

During the term of the current Collective Agreement, and notwithstanding Article 14.03, the Parties agree to the following process for the scheduling of Truck Drivers for overtime shifts in Utility Operations. Upon sixty (60) days written notice, either the Employer or the Union may terminate this Agreement.

1. Where there is a scheduled overtime shift requiring Truck Drivers in Utility Operations that is not an extension of a regular shift, the Employer will first schedule employees who are employed in the classification of Truck Driver from within the Utilities Division.
2. If the Employer is unable to schedule sufficient employees who are employed as Truck Drivers from within the Utilities Division to fulfill the requirements for the overtime shift, then the Employer will offer the overtime opportunity to employees who are employed as Truck Drivers from other Divisions.
3. After offering the overtime opportunity to employees employed as Truck Drivers from other Divisions within the Department, the employer may then offer the overtime opportunity to an employee who is qualified as a Truck Driver from within the Division.
4. When applying the priorities described in this letter to distribute the overtime opportunities, the Employer will also apply the principle in Article 14.03 to distribute the overtime as equally as practicable.

5. This letter of understanding applies only where the Employer schedules Truck Drivers in Utility Operations to work on an overtime basis and in no way creates an independent right to overtime.

**SEASONAL POSITIONS**

WHEREAS many of the positions listed in Schedule "A" of the Collective Agreement are subject to normal seasonal variation and the Parties are desirous of fostering continuous, year-round employment;

THEREFORE the Parties agree as follows:

- a. The terms of this Letter of Understanding shall apply only to positions in Schedule "A" of the Collective Agreement.
- b. Where a position in Schedule "A" is subject to normal seasonal variation (seasonal position), that fact will be noted on any posting for a vacancy in that position.
- c. Candidates for a posting will be entitled to hold rights to up to two positions if:
  - i. one position is a continuous position and the other position is a seasonal position; or
  - ii. both positions are seasonal positions but in opposing seasons (e.g. winter vs. summer).
- d. An employee who relinquishes a seasonal position to return to a continuous position, may be held in the seasonal position until the end of the season.

- e. Notwithstanding paragraph c, the following classifications are not entitled to hold both a continuous and seasonal position:
- i. all Certified Trades positions;
  - ii. Utility Serviceperson or Utility Serviceperson-in-Training ;
  - iii. Foreman;
  - iv. Cemetery Caretaker;
  - v. Any continuous position in Parks operations which requires completion of a college or university program, may not also hold a summer seasonal position, with the exception of seasonal Foreman; and,
  - vi. Any other position agreed to by the Parties.
- f. The bumping provisions of Article 16.01 of the Collective Agreement shall apply to employees who are displaced from seasonal positions; however the finishing of work at the end of a season is not deemed to be a displacement (lay-off) for that purpose. Permanent full-time employees who do not have another position in the off season will qualify for recall rights under Article 16.01(b).
- g. Local 1048 members who are also incumbents in Schedule "A" seasonal positions and Local 399 members who are also incumbents in Schedule "C" seasonal positions during 2005 up to the date of ratification shall be grandparented. Grandparented employees shall be entitled to hold rights to their existing positions; however those who are selected to new seasonal or full-time permanent positions shall lose their grandparent status.
- h. CUPE Local 399 members who, at the signing of the 2017 Collective Agreement, hold both a seasonal position and a continuous position that would not otherwise be eligible under paragraph d of this agreement, will continue to hold rights to their existing positions. New appointments will be subject to the terms of this agreement.

### **SEASONAL TRANSFERS BETWEEN ARENAS & PUBLIC WORKS POSITIONS**

In the interest of providing increased security of employment to employees and more consistency in staffing for Arenas positions and summer seasonal Public Works positions, the Parties agree to the following:

1. Employees holding eligible positions in the Public Works Department may elect to apply for eligible positions in CN Centre/ Arenas Division without having to relinquish their original position.
2. Employees holding eligible positions in the CN Centre/Arenas Division may elect to apply for eligible positions in the Public Works Department without having to relinquish their original position.
3. Eligible positions in the Public Works Department are defined as summer seasonal positions. Eligible positions in the CN Centre/Arenas Division are defined as part-time positions and up to a maximum of two full-time Facility Operator positions. 4. Transfer between the CN Centre/Arena Division position and the Public Works Department position will be based on operational requirements and will be jointly determined by the management supervisor in each Division. 6. Employees holding a seasonal position and a part time position shall maintain their seniority date and eligibility for benefits. The employee's seniority date shall be established in accordance with the applicable Article of the Collective Agreement.
7. When filling positions at the beginning of a season, senior employees on lay-off will be recalled in accordance with Article 16 before junior employees are transferred to those positions.
8. Any one of the three Parties to this agreement may cancel this agreement at any time upon thirty (30) days written notice to the other Parties of its intention to do so.
